

Aristo® Air PAPER

The Aristo® Air PAPER (Powered Air Purifying Respirator) system combined with the Aristo® Tech HD helmet, offers heavy duty protection from welding fume and dust when welding, gouging & grinding. The unit features the latest in PCB Board technology, allowing the welder to adjust the air flow from 170 L/min to 210 L/min to suit the environment and application. This is highlighted by an LED airflow indicator on top of the unit. The Aristo® Air is equipped with audio & visual blocked filter and low battery alarms, offering extra safety for the welder.

Features

The strong physical construction of the Aristo® Air, makes it extremely robust and suitable for all heavy duty welding applications.

User adjustable air flow 170/210 L/min

- Li Ion battery pack (up to 8hr duration @ 210L/min)
- P3 filter and pre-filter
- International intelligent charger (interchangeable pins)
- Audio/visual blocked filter and low battery alarms
- LED air flow indicator
- Battery charge LED indicator
- Flat push button membrane switch
- Supplied with 'new style' comfort pad

Weights only 1kg

Aristo® Air

The Aristo® Air PAPER unit is delivered complete and is ready to use. Contents include: Air unit with air hose and hose cover, battery, intelligent charger, comfort pad and P3 filter.

Aristo® Tech HD & Aristo® Air – Ordering Information

Aristo® Tech HD Prepared for Fresh Air

Aristo® Tech HD helmet can be used in combination with the Aristo® Air PAPR unit. The helmets are delivered fully assembled, incl. flame resistant head and face seal and air duct.

Aristo® Tech HD prepared for fresh air	0700 000 451
Aristo® Air kit including air hose	0700 002 174

Aristo® Tech HD with Internal visor

Aristo® Tech HD with internal visor is delivered with an air fed grade B impact protection grinding visor complete with a face and head seal. The grinding visor can be fitted to the standard Aristo® Tech HD helmet and can be combined with the Aristo® Air PAPR unit. This would be the ideal system for all applications involved in welding fabrication. One head system for welding and grinding.

Aristo® Tech HD with internal visor	0700 000 467
Aristo® Air kit incl. air hose	0700 002 174

Aristo® Tech HD with Hard Hat Prepared for Fresh Air

Aristo® Tech HD welding helmets can be used in combination with a hard hat (only black available) and Aristo® Air PAPR unit. The helmets are delivered fully assembled, incl. hard hat with internal air duct and flame resistant head and face seal.

Aristo® Tech HD w. hard hat prepared for fresh air	0700 000 466
Aristo® Air kit incl. air hose	0700 002 174
